BAGGAGE, DANGEROUS GOODS & SECURITY

BAGGAGE

- All passengers travelling on our Federal Airlines shuttle flights are entitled to one free piece of checked luggage and one small carry on item.
- Due to the nature of the environment in which we operate, our aircraft are smaller than a typical airliner. As a result of this we have small luggage holds which means that we have weight and size limitations. The Federal Airlines luggage specifications are as follows:
 - SOFT (all-sides) luggage/duffel bags with ONE flat side will be allowed. We offer soft sided bags which can be purchased at our lounge at an additional cost.
 - Maximum luggage weight (including photographic/filming equipment) is 20kg/44lbs (in the hold); maximum luggage size per piece is 40cm (16 inches) wide x 30cm (12 inches) high x 60cm (24 inches) long.
 - Maximum hand luggage is 5kg/11lbs (1 soft piece allowed with ONE flat side only)
- Should your luggage exceed the above limitations, we will NOT BE ABLE to load it. We do provide a COMPLIMENTARY LUGGAGE STORING FACILITY (provided guests are booked on a return basis). Excess luggage remains the responsibility of the affected passenger at all times.
- Oversized luggage CANNOT be carried on your lap. Your safety is our first priority and unsecured objects inside the cabin are hazardous.
- At times, due to an aircraft constraints, excess luggage can be an operational problem. Therefore any excess luggage over 20kgs needs to be pre-booked and pre-advised. We might not always be able to assist should excess luggage not have been pre-booked.
- For less than 10kg extra luggage, there will be an R800 surcharge and carriage is subject to aircraft operational weight and balance restrictions. Should the guest require between 10kg and 20kg of extra baggage the surcharge is R1500, for more than 20kg we would allocate a freight seat for R2,000 (up to max of 40kg). For flight safety and operational reasons, all additional freight allowances are subject to weight and balance constraints. We cannot guarantee acceptance or carriage.
- It remains the responsibility of the booking agent to inform their client of Federal Airlines baggage policies. Full details and terms are found on our **Terms & Conditions of Carriage**. A copy is available from our Commercial Department and via our website.

DANGEROUS GOODS & SECURITY RESTRICTED ITEMS

- Dangerous goods are articles or substances capable of posing a risk to health, safety, property or the environment when transported by air. A full list of such items is published by our Operations Department, including details on which items can be carried by passengers and the conditions for such.
- Typical examples of Dangerous Goods **forbidden for carriage includes:**
 - **Flammable liquids and solids** such as lighter or heater fuel, paint and matches. **Radio-active material, oxidizing materials and organic peroxides** such as bleaches and fiberglass repair kits;
 - **Firearms and explosives**, handguns, automatic weapons, munitions, ammunitions including blank cartridges, pistol caps, fireworks, flares, smoke canisters and crackers.
 - Infectious substances such as bacteria and viruses; including lab equipment.
 - Corrosives such as mercury, acids, alkalis and wet-cell batteries;
 - **Compressed gases**. Deeply refrigerated flammable, non-flammable and poisonous gases such as butane, oxygen propane and aqualung cylinders;
- Guests will be asked at Check-In questions to check they are not carrying any Dangerous Goods or Security Restricted Items. It remains the responsibility of the booking agent to inform their clients of the Federal Airlines policies and requirements regarding Dangerous Goods and Security Restricted items. Full details on the what can be and cannot be carried is available from our Commercial Department and via our website.
- We do not accept human remains for carriage on any routes. However, the carriage of ashes is permitted provided a copy of the death certificate and the cremations certificate accompanies them. You must ensure the ashes are securely packed in an appropriate container and should be included in your hand luggage.

FLYING WITH FEDERAL AIRLINES

ADDITIONAL INFORMATION ABOUT OUR FLIGHTS & OPERATIONS

- Federal Airlines operates as a point-to-point airline and will not be held responsible or liable should incoming / connecting flights be missed/delayed resulting in passengers missing their shuttle connection to the bush or onward flights. We will endeavour to assist them on a later departure from/to the bush, subject to seat and flight availability.
- Aircraft landing and/or departure may be delayed due to circumstances beyond our control and Federal Airlines cannot be held liable in such events. This could include air traffic control delays, weather and at some airstrips animals obstructing the runway or landing strips.
- Guests booked on shuttle flights are not guaranteed to be on the same aircraft. Federal Airlines will do all possible to assist families/groups together, subject to operational requirements.
- In the event of bad weather (low cloud or water-logged runways), Federal Airlines reserves the right, in the interest of safety, to either cancel the flight or divert to the nearest suitable and serviceable airstrip. This might mean a road transfer for the guests to get to/from their final destination. Upon a decision being made, either Federal Airlines or the Agent will make the necessary arrangements. This diversion will only be done in the interest of safety and when weather and/or runway conditions are not suitable to land at your original destination.
- Transport between game lodge airstrips and the actual lodges will be provided by the lodge. We constantly update the lodge staff with all flight details so that they are well prepared for our guests' arrival.
- Confirmed bookings are subject to automatic release if passengers' full names are not received at time of confirmation.
- We reserve the right to include technical stops enroute due to operating conditions at the time, which is in the interest of safety and at the sole discretion of the Captain.
- Smoking is not permitted on any of our flights.
- Guests are required to adhere to all COVID-19 protocols and requirements as relevant to the time of travel.

GUESTS WITH SPECIAL REQUIREMENTS

- At all times, we will endeavour to accommodate and carry mobility aids free of charges, however should the total weight of the extra equipment exceed 15kg, extra charges may become necessary, limited to a maximum of R2,000. This charge will depend on the following factors: number of passengers booked, remaining available payload and luggage space capacity on the flight.
- Manually operated wheelchairs are allowed on Federal Airlines flights. At all times; however consideration must be taken in terms of size as not all aircraft in the Federal Airlines fleet can accommodate the bulk / shape of a fold-away wheelchair in cargo pods, etc
