Daily Direct Flights to Luxury Lodges

FEDERAL AIRLINES BAGGAGE LIMITATIONS

All passengers travelling on our Federal Airlines shuttle flights are entitled to one free piece of checked luggage and one small carry on item. Please see below details for checked in bags:

TYPE OF BAG

Due to the nature of the environment in which we operate, our aircraft are, generally speaking, smaller than a typical airliner. As a result, we have much smaller luggage holds which results in weight and size limitations. The Federal Airlines luggage specifications are as follows:

- **SOFT** (all-sides) luggage/duffel bags with **ONE** flat side will be allowed;
- **Maximum luggage weight** is 20kg/44lbs (in the hold); **luggage size** is 40cm (16 inches) wide x 30cm (12 inches) high x 60cm (24 inches) long;
- **Maximum hand luggage** is 5kg/11lbs (1 soft piece allowed with **ONE** flat side only);
- We offer soft sided bags which can be purchased at our lounge at an additional cost.
- Should your luggage exceed the above limitations, we will **NOT BE ABLE** to load it. We do provide a **COMPLIMENTARY LUGGAGE STORING FACILITY (provided guests are booked on a return basis)**. Excess luggage remains the responsibility of the affected passenger at all times.
- Oversized luggage **CANNOT** be carried on your lap. Your safety is our first priority and unsecured objects inside the cabin are hazardous.
- **EXCESS/ ADDITIONAL LUGGAGE:** At times, due to an aircraft's constraints, excess luggage and overweight luggage is problematic. Therefore any excess luggage over 20kgs needs to be pre-booked and pre-advised. We might not always be able to assist should excess luggage not have been pre-booked.
- For less than 10kg extra luggage, there will be an R800 surcharge, this is subject to aircraft operational payload availability.
- Should any passenger require more than 10kg extra luggage, we would allocate a "freight seat" for R2,000. This will allow for an additional 40kg luggage capacity.
- For flight safety and operational reasons, all additional freight allowances always remains subject to availability.
- It remains the responsibility of the booking agent to inform their client of Federal Airlines' baggage policy.

DANGEROUS GOODS

The following dangerous goods are not permitted on board the aircraft:

- Flammable liquids and solids such as lighter or heater fuel, paint and matches. Radio-active material, oxidizing materials and organic peroxides such as bleaches and fiberglass repair kits;
- Firearms and explosives, handguns, automatic weapons, munitions, ammunitions including blank cartridges, pistol caps, fireworks, flares, smoke canisters and crackers.
- Infectious substances such as bacteria and viruses;
- Corrosives such as mercury, acids, alkalis and wet-cell batteries;
- Compressed gases. Deeply refrigerated flammable, non-flammable and poisonous gases such as butane, oxygen propane and aqualung cylinders;
- We do not accept human remains for carriage on any routes. However, the carriage of ashes is permitted provided a copy of the death certificate and the cremations certificate accompanies them. You must ensure the ashes are securely packed in an appropriate container and should be included in your hand luggage.
